

STRESS FREE SUMMER HOLIDAYS WITH THE THINK LIKE A PONY CLUB

With the summer holidays just around the corner, we're sure you're already cooking up ways to keep the kids occupied on a budget. The six-week break can be stressful for parents and we know how much planning goes into keeping those little ones entertained 24/7. Finding an activity to keep them engaged without spending a fortune isn't easy, but the Think Like a Pony online Club and our epic and educational horsemanship lessons could be the key to a stress-free summer break.

ENDLESS ENTERTAINMENT AND EDUCATION

Whether your child has a pony, or is simply horse mad, the Think Like a Pony Club membership provides oodles of entertainment. Packed with educational content, there's lots to learn, including tips on riding in balance and pony care, as well as lots of general knowledge. Not only can your child spend hours learning about horsemanship with the help of an expert instructor, but they can take lessons and earn badges as they go. This is the perfect activity to enjoy at home, whatever the weather.

LEARN TOGETHER OR SOLO

The great thing about learning online with us is that you can work through the written and video assessments together as a family. The Think Like a Pony modules are the ideal family bonding activity, and together you can earn up to 30 badges. However, the online learning is easy enough for your child to work through it solo, with plenty of input from their online instructors. All of your child's achievements are stored in one section of their profile, so you can monitor their progress and you can even help your child upload their own photos to the page.

PUTTING A POSITIVE SLANT ON SCREEN TIME

Excessive screen time isn't healthy but unlike online games and cartoons, joining an online Club and using screen time in moderation to complete lessons is a superb educational activity that can have a positive effect on health and wellbeing. In fact, earning badges and learning a range of horsemanship skills from home can really boost self esteem, while working together is particularly rewarding. Unlike expensive kid's clubs and other school holiday camps, our online membership can be enjoyed for as little as £8 per month.

COMBINE IT WITH PRACTICAL HORSEMANSHIP

Our online Club can be used alone or in conjunction with practical pony care. Over time, your child will develop the knowledge that can be put into practise at a local pony yard without the need to shell out for expensive horse riding lessons.

If you want to keep the kids entertained all summer long, sign up to our Think Like a Pony online Club and watch your child's love for horsemanship flourish. Our virtual Club is designed for children age nine to fourteen, and teaches young people how to care for a horse holistically, as well as the science behind pony care.

Lynn, Founder of Think Like a Pony explains, "Through the online Club, our ethos is more accessible than ever. It's open to anyone, anywhere. Whether they ride or own a pony, attend a riding school, or even if they're just starting their horsemanship journey, we just want to make the holistic benefits of horsemanship available to all." With subscriptions starting at just £8 per month, it's easy to keep boredom at bay this summer.
